

SECURE

CHAIN LINK

**GET DURABLE SECURITY
FOR YOUR BOUNDARY
WITH CHAIN LINK FENCE**

BSRM introduces a completely new Secure Chain Link using the best technology. This Chain Link undergoes strict quality control during each step of its manufacturing process. BSRM Secure Chain Link is made of fence weaving, usually formed from galvanized steel wires.

For Commercial and Residential Security

SECURE CHAIN LINK FENCE FEATURES:

- Hot-dip galvanized and waxed for a shiny finish
- More long-lasting than regular GI wires
- Comes with multiple-layered protection against corrosion
- Every wire has the perfect thickness and mesh size
- Has sharpened tips and a longer height, with covered edges for better protection

SECURE CHAIN LINK DESCRIPTION:
